Roland Lamy Joins NHFPI Board of Directors

CONCORD, NH – The New Hampshire Fiscal Policy Institute (NHFPI) today announced the addition of Roland Lamy to the organization’s Board of Directors. Mr. Lamy is a principal with Helms and Company, a Concord-based health care and management consultancy, and he serves as the executive director of the New Hampshire Community Behavioral Health Association (NHCBHA).

As executive director of the NHCBHA, Mr. Lamy represents New Hampshire’s ten community mental health centers, which serve primarily low-income individuals and their families. In this role, Mr. Lamy works to ensure that each region of the state offers access to a range of community-based mental health services and ensure the stability of the system.

“Roland brings a wealth of knowledge and insight into New Hampshire’s community-based mental health system and the struggles low-income individuals with mental illness face here in the Granite State,” said Liz Hager, chair of the NHFPI Board of Directors. “His perspective will be invaluable to the NHFPI Board as we work to ensure that New Hampshire is a place where everyone has access to opportunities to thrive and prosper.”

Mr. Lamy has expertise in health care finance, contracting, and policy. He has held staff positions within the health insurance industry and state government as well as various consulting positions. Mr. Lamy held several leadership roles during his ten year career with Anthem Blue Cross and Blue Shield and served as the Assistant Director of Health Planning and Medicaid for the State of New Hampshire, Department of Health and Human Services.

“I am excited about the opportunity to join the NHFPI Board of Directors. All of the members of the Board of Directors have extensive knowledge of our state, the needs of our residents, and the key policy issues. I share the passion of the NHFPI Board and its staff in promoting policies and opportunities that make our great state even better for all of its residents.”

Mr. Lamy has served as the chair of the Board of Directors of New Hampshire Healthy Kids and as a consultant to the New Hampshire Rural Health Coalition. He holds a Bachelor of Science degree in Business Management from Bloomsburg University and a Master’s in Business Administration from New Hampshire College. Mr. Lamy is native of the Granite State and resides in Bow, NH.

The New Hampshire Fiscal Policy Institute is an independent, non-partisan organization dedicated to exploring, developing, and promoting public policies that foster economic opportunity and prosperity for all New Hampshire residents, with an emphasis on low- and moderate-income families and individuals.
