PROCESS FOR ACCEPTING AND DEPLOYING FEDERAL FUNDS IN NEW HAMPSHIRE

• A pre-existing process and legal framework for accepting federal funds outside budget processes used for pandemic-related funds
• Different process during the State of Emergency, when the Governor directed the flexible Coronavirus Relief Funds from the CARES Act
• Process for ARPA Coronavirus State Fiscal Recovery Funds:
  1. State agencies generate proposal for expenditures
  2. Joint Legislative Fiscal Committee and the Executive Council approvals are required for any transfer of funds over $100,000, including federal grants
  3. Executive Council approval is also required to enter contracts of over $10,000
  4. Spending authority lasts through the end of the State Budget biennium
• Reporting required to U.S. Treasury Department, but no specific application is required for the use of these flexible funds
• Tracking and certain administration of these funds conducted by the Governor’s Office for Emergency Relief and Recovery (GOFERR)

KEY POTENTIAL OPPORTUNITIES TO REDEPLOY FUNDS FOR OTHER USES

• Coronavirus State Fiscal Recovery Funds authorized through the regular Joint Legislative Fiscal Committee and Executive Council process for federal funds

• As a result, all Coronavirus State Fiscal Recovery Fund programs that do not appear in the State Budget or elsewhere in State law would have to be reauthorized to continue those programs

• State program authorization expiration date: June 30, 2023

• Federal deadline for obligation of funds: December 31, 2024

• Potential opportunities to redeploy unspent funds, change program structures, or otherwise provide chances for learning and program evaluation

• Any other funds not included in the State Budget would have to be reauthorized as well
